STAYING POWER

Join us APRIL 15, 2020
**42ND ANNUAL
PRODUCTION SALE**
at the Ranch, Pukwana, SD

Going on a half a century, our passion has been to raise cattle that gain faster, have higher yields and make productive cows for both us and our loyal customers. We've adapted to industry changes over the years for the betterment of our program and to allow us to meet the demands of our customers. We still believe cattle must have a balanced set of traits across the board to function in a variety of environments while remaining profitable.

We thank those who continue to support our production sales by showing faith in our genetics. Our success is dependent upon our customers' success, a challenge we don't take lightly. These core values have given us staying power in the Limousin breed that few other programs have enjoyed, a track record we are proud of.

One Family ... Committed Program ... Built From The Ground Up

The **LINHART** *Advantage*

As important as cutting edge genetics are, the thing that separates Linhart Limousin from the rest is our customer service. We realize you have many options when it comes to making your seedstock investment. That's why we work night and day to make sure our genetics are as predictable and problem free as possible. After the sale, we go the extra mile to insure your satisfaction and long-term success. We invite you to be a part of our annual sales and experience the Linhart Advantage for yourself.

Heart Beat

The Heartland SOURCE presents an avenue of marketing for members and associates of the Heartland Limousin Association (HLA). It's our intent to provide service to all areas of beef production through the use of Limousin genetics.

This SOURCE gives breeders an opportunity to highlight their programs and production sales. In addition, we welcome those advertisers who service the Limousin breed through their various product lines. We encourage the membership and commercial producers to consider these programs and products with their Limousin genetics.

Over the years, the HLA has endeavored to ensure the publication of the activities and accomplishments of our members. From production and consignment sales to the showcasing of Limousin cattle, the HLA spreads the news to all who are interested in Limousin cattle.

In addition to covering sales and shows, the HLA also supports junior activities. Each year the Heartland Limousin Association sponsors a regional junior show. We want to extend our best wishes to those juniors who participate in shows at the county, state, regional and national levels. We also congratulate those juniors who have finished their show career and have now embarked on a new phase of their life, whether it is post-secondary education or vocational school.

Thank you for the opportunity to serve the people of the Heartland Limousin Association.

50 Years STRONG

SYMENS BROTHERS LIMOUSIN

It is hard to believe this is our golden anniversary in the Limousin business. We have seen many trends along this journey, however we remain true to our beliefs—raise cattle our customers demand and back them with exceptional customer service. This simple philosophy has generated a great following of repeat customers. From seedstock producers to the commercial man, SYES genetics are found up and down the production chain.

ONE BRAND ... ONE EXPECTATION

We take our responsibility as a seedstock producer seriously. Through 36 years in the Limousin business, we have listened to what our customers want and haven't wavered in the process. Expectations of high performance and muscle keeps them coming back year after year. If they aren't good enough to use in our pasture, we don't expect they are good enough for yours either.

Your opportunity to invest in our proven genetics is the second Saturday of February at our annual

Need More Marbling?

We are currently using or have used the top 14 bulls for marbling as tested on the Igenity profile system. This is out of more than 100 tested AI sires. Six of these top-scoring bulls were produced in our program, including the #2 and #4 highest ranking bulls ever tested. In addition, we raised two of the top growth rate bulls and the #2 bull for REA. This program works. The end result of this exciting technology is the cattle work for you instead of you working for them.

A Program With Purpose

For nearly 50 years, the generations at Wieczorek Limousin have worked to create a Limousin seedstock product that is second-to-none. We emphasize the traits that make Limousin unique, while keeping a watchful eye on the evolving industry trends. Next time you are in the market to upgrade your breeding program, turn to the Program With Purpose—Wieczorek Limousin.

Be sure to attend our Annual Bull Sale the last Friday each February.

WHAT IS THE LEONARD DIFFERENCE?

One of the reasons Leonard Limousin is different is because their purebred philosophy is built on one simple concept: When you buy a drill, it isn't the drill you want, or even holes. You want what the hole can do for you. Leonards realized 50 years ago that when cattlemen buy bulls they don't really want a bull, or even calves—it's profits and success they are after. Every effort of Leonard Limousin is to see that those who buy breeding stock from us enjoy success. That's why over 80% of our bulls sell to repeat customers every year. Our unwavering commitment to the things that matter in beef production has kept us and our customers in business, since 1969.

If you need an elite herd sire or groups of half brothers for a commercial operation, we can provide you proven feed conversion, growth rate and calm disposition genetics.

LIMOUSIN
Limousin Today - Profit Tomorrow

Floyd Mudhenkey brings the calving-ease and maternal traits to the table that should make him a great choice for heifers. His impeccable phenotype was on display in Denver when he went out of the yards and on to the hill to be named Division 1 Reserve Champion. Given his many positive attributes, this Homozygous Polled purebred should work well on Purebred and Lim-Flex females as well as Angus cows.

FAMILY & FAMILY QUALITY CATTLE

The two constants
at Long and Sons

Our family's livelihood depends upon raising top-quality breeding stock for our customers as well as for ourselves. We appreciate the confidence our new and repeat customers have shown in our program. We would enjoy the opportunity to work with you.

We welcome your
visit anytime.

FULLBLOODS...

Pounds Pay & Muscle Still Matters

WILODGE CERBERUS

One of the reasons we are confident in the cattle we are producing is the influence of this import, outcross sire. His progeny have extraordinary muscle shape and growth, plus he carries two copies of the F94L profit gene. We invite you to come see his progeny!

GOSS BEEF MACHINES

The bulls available at Goss Limousin are built for the beef business. They are designed to add pounds and the extra muscle it takes to add value to a calf crop. Get added calving-ease, growth and the muscle that made Limousin famous—get a GOSS bull.

AUTO COW FAMILIES

In the cattle business, there's nothing more valuable than powerful cow families. At Pinegar Limousin, we have spent nearly 30 years in the Limousin seedstock business cultivating our elite donors to produce the bulls and females that keep our customers coming back. Our cow families continue to build upon the reputable AUTO heritage while writing new chapters in the Limousin history book.

 LIMIGENEBULLS

Broken Slash L Ranch Fullblood Proud

Quality Fullblood Limousin cattle continue to hold their value in all market conditions.

Having those heifers calve without assistance and going on to become great producers is the norm for the breed.

Broken Slash L Ranch has consistently strived to only keep the best of the best, and now has a small herd of the cream-of-the-crop. The progeny from our herd bull Golden Eagle Zeus and the cow families represented, have gone on to become excellent producers for our customers.

Please give us and our partners at Crockett Rose Branch Farm a chance to earn your valued confidence.

Your call and visit are welcomed any time.

BRUNER LIMOUSIN

WE BUILD & *Sell Genetics*

Since 1973, Bruner Limousin has been a leader in the production of “curve bender” genetics—combining calving-ease with growth. We produce cattle first for the pasture and the feedlot. We manage and raise our cattle the same as our commercial producers. Our livelihood is dependant on our cows. If they work for us, they will work for You!!

Performance and muscle
in a calving-ease package.

PERFORMANCE-ORIENTED CATTLE FOR PROFIT-MINDED CATTLEMEN

MEMBERSHIP

Has Its Advantages

The People

You are united with Fullblood Limousin breeders from around the globe, all of them with a strong belief in Fullblood Limousin cattle. When any member talks the benefits of our breed, we all reap the rewards!

The Advertising

When our alliance advertises every member gains the benefit. The ads direct the interested party to our website where every member is listed.

The Website

It is like having your own webpage. Breeders looking for Fullblood Limousin go to fullbloodlimousinalliance.org first. There they will find your farm/ranch listed in alphabetical order.

The Classifieds

For a nominal fee, you can list your animals for sale on the FLA website where they will be viewed by everyone logging on. This puts your ad where it can do the most good, in front of the people looking for your type of cattle!

The Promotion

The many benefits of Fullblood Limousin cattle are highlighted at Fairs and Shows around the country, increasing the demand for and the value of your cattle. Informed stockmen from your area looking for Fullbloods will be directed to you by the personnel working the booth.

Join the Fullblood Limousin Alliance Today

BETTER BEEF *Begins Here*

Better beef begins in pastures just like ours all over America. Yet, not all beef that leaves pastures and moves through the supply chain is equal. Better beef begins with proven genetics, better health, proper nutrition, disciplined selection and a keen commitment to best practice welfare. Better beef begins with opportunity. Wulf Cattle customers have trusted the process and taken advantage of opportunities for sustainable profit for more than 40 years.

Wulf Cattle OPPORTUNITY SALE

April 9, 2020
April 8, 2021

At Sandy Ridge Ranch ■ Atkinson, Nebraska

(*Please note the annual Wulf Cattle Opportunity Sales will be held on the second Thursday in April each year at our Sandy Ridge Ranch location.)

Let us assist in producing better beef in your operation! Give us a call, stop by or join us at our Sandy Ridge location.
