## SPRING BREDS

This may very well be the stoutest top to bottom set of Spring Bred Females offered in this sale in quite some time. Many of these prolific producers have several years of production records behind them, yet remain youthful enough to be productive members of your program for years to come. In this group is also a set of heifers bred for their first calves. Their pedigrees are fresh and the service sires are among the best in the business.

GLENDENNING J BAR J, LEBANON, MO

PE'd 4/23/21-7/22/21 to *CJSL Creed & TNGC Diesel*. 7 months safe on 9/14/21.

You'll go home with a winner when you have the last bid on this homozygous black, polled 59% Lim-Flex female. She has done her job in our herd and now it's time for her to excel in yours. The Y-Axis x Yip mating worked wonderfully. A broody female with calving-ease and ribeye. She is safe to either CJSL Creed or TNGC Diesel.

4H LIMOUSIN, FROHNA, MO

LYDH Hour Glass is a cool-fronted, homozygous polled purebred with all the power you could want in a female. Her famous dam is our proven donor dam who traces back to the breed-leading donor AUTO Rebeca 292S. The sire side of her pedigree is equally impressive. CELL Envision topped a past Linhart sale and his progeny have been extremely popular and you can see why. When you study her EPD profile and impressive look, it just makes sense to be on the winning side of the gavel sale day!
